In nine cases out of ten this state of lassitude and torpor arises from a morbid stomach. Indigestion destroys the energy of both nind and hody, when the waste of nature is not supplied by a due and regular assimilation of the food, every organ is starved, every function is interrupted.

Now, what does common sense suggest under these creamstancesof depression! The system needs rousing and strengthening; not merely for an hour or two, to sink afterward into a more piticable condition than ever (as it assuredly would do if an ordinary alchobolic stimulant were resorted to be in the digestive organs by a course of a quarter of a century, is varying experience of a quarter of a century, is organs by a course of Hostetter's Stomach Bitters. Do not waste time by administering temporary remedies, but wake the system up by recuperating the fountain-head of physical strength and energy, the fountain head of physical strength and energy. In nine cases out of ten this state of lassitude and

A. S. HERENDEN & CO., 114 Bank St., Cleveland, Ohio. FOR RENT.

A WORD IN REGARD TO THE Machine 26MIDE THE SEWING MACHINE is one of the reatest improvements of the age, and at this

J. RYAN & CO.

day and age of the world every family must and will have one. This fact appears to be perfectly understood by all Sewing Machine Companies, consequently every company is making every effort in their power to put heir machines forward, and to make salas as rapidly as possible. They employ every pern they can get, and three-fourths of those employed are not fit for the business, conse quently the country is now overrun with men and boys representing themselves as Sewing Machine Agents, and everyone claiming to have the best muchine, when, in fact, they know othing about machines, consequently the susiness has become a nuisance—it is overone and overrun with unprincipled agents, and dimost every farmer dreads to see on stop at his gate. But to lay all prejudice aside, the New Wil-

son is the only First-class Machine in America

that is sold at a reasonable price; a price with-

in the reach of every family. The New Wilson stands to-day at the head as being the best, the simplest, the essent to manage, the most turable, and by far the cheapest. The Wilson now costs \$3.00 more to manufacture than any other machine in America, and is sold for \$25,00 less than any other first-class machine This simply because it is not in the "Comination." This machine is sold for just what it is worth, while all others are sold from \$25.00 to \$50.00 more than they are worth. The undersigned has been selling the Wil-Store in Fremont, and has sold Five Hundred Machines, and nearly all have been sold in Sandusky County, and I have never yet had The beautiful and artistic Chromo, "Law" Sure
PHETTET "highly finished, mounted, and varnishel. Size, lak!" after Lilies M. Spencer, retailel. Size, lak!" after Lilies M. Spencer, retailple to buy. Every machine has been ordered.

This, I think, is the largest sale that has every
been made in the county. This fact of itself
is certainly sufficient evidence that the madrine in America. "Lay "Size Phetric, and a
